

TYRONE

RENDER

The Tyrone Render division offers a wide range of custom internal and external finishes for walls, floors, ceilings and even furniture. Our services include:

- Venetian Polished Plaster
- Float and Set
- Acrylic texture coating
- Micro-cement
- Sand Finish Render
- Restoration Cornice Repairs
- Crack Stitching
- Remedial Repairs

CIRQUE APARTMENTS

Our specialist Rendering division experts (who were trained by master Italian craftsman Luigi Carimati) undertook the finishes package at the new five star Cirque Apartments development in Mount Pleasant including the Venetian polished plaster which features in the reception, Gym and Restaurant area's throughout the building.

CAPITAL SQUARE

Tyrone Group Renderers completed the plaster to the circular structural columns on all 30 levels of this commercial office tower building which included the 6-Metre-tall Venetian polished plaster to the columns on the podium levels.

FORREST CHASE

Our Rendering Division undertook the complete rendering package on the new Forrest Chase redevelopment which transformed the venue into a world class entertainment and retail precinct.

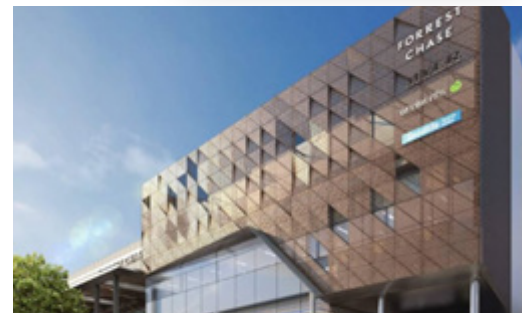

The works included extensive crack stitching repairs on the existing building constructed in 1980 using the Heli-fix Crack Stitching System.
